- Waste Disposal Bag
- Instruction Card

## 5 reasons WHY *BettaClean* is a **BETTER** Option for your customers:

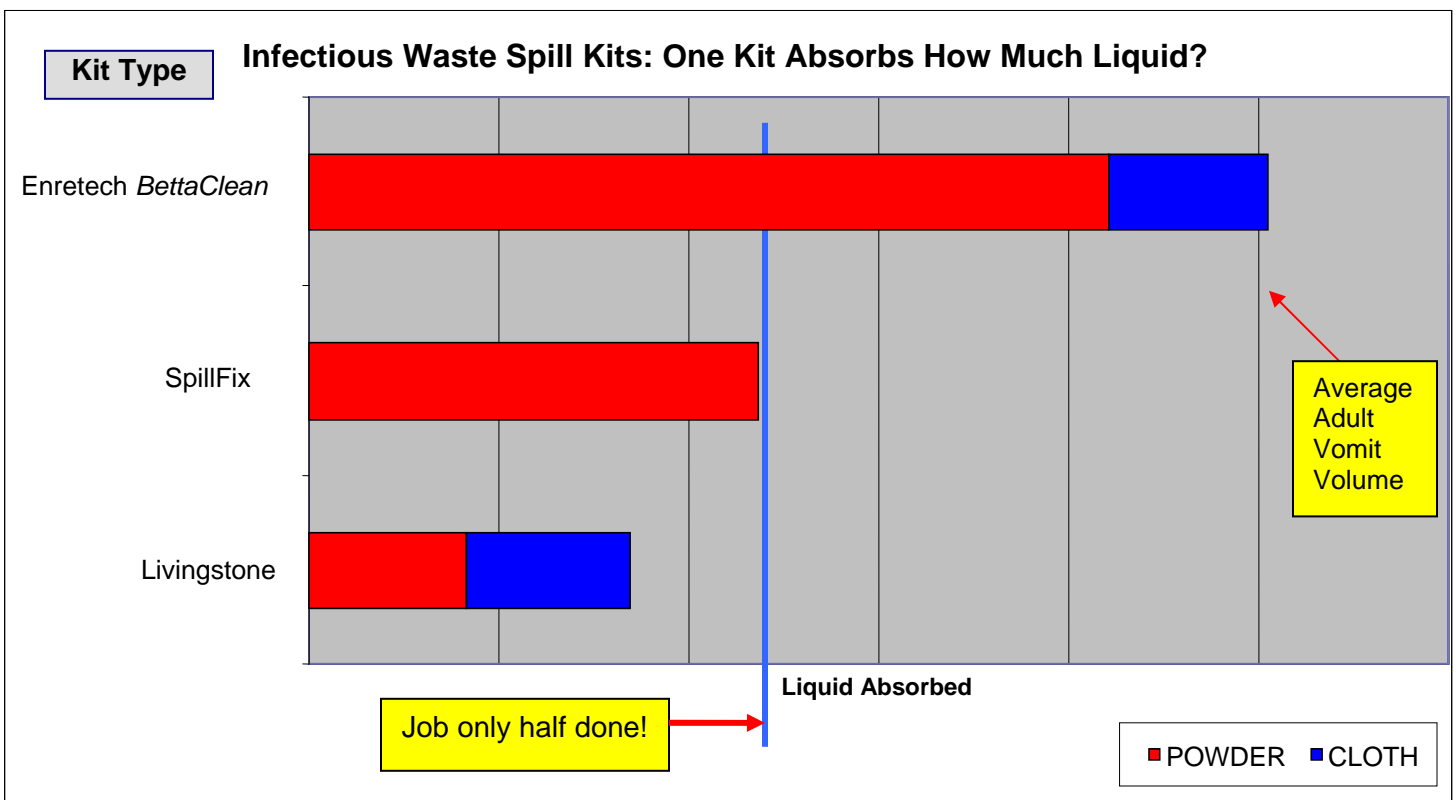

1. BETTACLEAN is the only spill kit currently available that will absorb the average liquid stomach volume, without having to use additional absorbent sachets!
2. It absorbs almost twice the volume of other readily available kits.
3. Disposable clean up tools provided are a large “responsible” size – it is easier for staff to avoid contact with hazardous waste – such is not available in alternative kits.
4. It is up to 30% cheaper than alternatives AND it dries the floor properly!!
5. Unique Fibre-Lock™ Technology locks wetness and odour into hollow fibres.

# SUPER ABSORBANT • ELIMINATES ODOURS

## UNIQUE FIBRE LOCK™ TECHNOLOGY

Locks wetness and odour into hollow fibres for drier and safer clean up

	<u>Product Code</u>	<u>Carton Qty</u>	<u>Pallet Qty</u>	<u>Unit</u>	<u>List Price per ctn</u>
